

ATL Series

Attenuation Range
1 - 10dB
Attenuation Steps
1dB

Impedance
50Ω
Frequency Range
DC - 8GHz

Power Rating
1/16W
Case Sizes
0805

ATX Series

Attenuation Range
1 - 10dB
Attenuation Steps
1dB

Impedance
50Ω
Frequency Range
DC - 40GHz

Power Rating
100mW
Case Sizes
0805

Why Choose TFT Attenuators

TFT has a wide offering of attenuators from low frequency commodity thick film to high frequency thin film and temperature variable precision. Our sales engineering model works with you to find the best component solution to achieve your project needs. Find out more on thin-film.com.

Applications

- Communication
- Wi-Fi Chipset
- Test & Measure
- Cellular Base Stations
- Signal Conditioning
- IoT, 5G and mmWave
- Impedance Matching
- Low Noise Amplifier
- Automatic Gain Control

Attenuator Offering

High Performance YAT Series

- Face Down Design
- DC - 20GHz
- Low cost option

High Frequency ATX Series

- DC - 40GHz

ATT Series

- DC - 30GHz

Low Frequency ATL Series

- DC - 8GHz
- Ultra-Low Cost Option

Temperature Variable YTV Series

- Ultra-low Cost Option
- DC - 6GHz

ATV Series

- DC - 15GHz
- Thermo-Sensitive Thermistor

Precision Attenuators YCT Series

- 50Ω & 75Ω Impedance

- DC - 10GHz

- Low cost option

PAT Series

- DC - 10GHz

About TFT

Thin Film Technology Corp. (TFT) is the senior member in a new global high performance electronic passive components group, EiG Group. As the senior member, TFT leads by example in integrity, quality, discipline, and performance.

These internal principles are carried throughout the organization and out to our valued customers.

TFT's experience and performance will add value and competitive advantage to the TFT brand, establishing a foundation on which to build a sustainable, growing business.

2021 • First Half

- Facedown 0402 Thick Film
- Facedown 0402 High Performance
- Facedown 0402 30GHz Ground-Signal-Ground Thin Film
- Facedown 0603 30GHz Ground-Signal Ground Thin Film

2021 • Second Half

- Facedown 0603 Thick Film
- Facedown 0805 High Performance Thin Film
- Facedown 1206 High Performance Thin Film
- Facedown 0805 30GHz Ground-Signal-Ground Thin Film
- Facedown 1206 30GHz Ground-Signal-Ground Thin Film
